Key Features

UK Made

Millhouse furniture is expertly crafted in the UK by our skilled team in an accredited ISO 9001 and ISO 14001 environment. Constructed from the finest materials, our products conform to UK, US and EU safety standards (where applicable). Hand-finishing provides smooth, soft-touch surfaces.

Lifetime Guarantee

Our products are designed for use in a commercial environment. By combining traditional woodworking with modern fixings, our furniture is engineered to last, that's why almost all of our furniture comes with a lifetime guarantee. Excludes baskets, tubs, trays and other consumable items.

Fully Assembled Furniture

The vast majority of our furniture products are delivered fully assembled to save you hassle and time. Products that cannot be delivered fully assembled, require simple self-assembly, using one of the Allen keys provided.

Flexibility

There is no complicated or expensive method of joining our furniture, units simply butt together, providing the flexibility to quickly and easily reconfigure rooms and create safe free-flow environments.

Easy Access

To create an enabling environment that supports independence, all items in the range are designed to be easily accessible by children.

Easy Cleaning

At Millhouse we use premium grade maple melamine for the majority of our products. This provides a hard-wearing, scratch-resistant and easy-clean surface. We also apply a water-based lacquer to seal and protect the furniture from water ingress.

Areas of Learning

Our furniture solutions are designed to help you create functional, flexible and enabling environments that support the EYFS Areas of Learning. To make it easy to match and identify Millhouse products for each of the Areas of Learning, we have provided a handy online guide, visit our website for details.
